

Taking two or more medications?

Get all your refills on the same day with ConnectRx MedSync.

At ConnectRx, we believe it should be easy to take the medications you need. That's why we offer ConnectRx MedSync, our free refill synchronization service.

With MedSync your pharmacist will create a custom schedule aligning your prescriptions so that they are filled on the same day. That means you can get all your medication doses for the month* in one convenient home delivery or in-pharmacy pick up.
