Every business wants benefits that care for employees and attract new talent – and traditional health insurance is just the beginning. That's where LBS can help fill the gap.

Here's a snapshot of some of our current offerings:

Spending Accounts

We offer Health Savings Accounts (HSA), Flexible Spending Accounts (FSA), Health Reimbursement Accounts (HRA), Lifestyle Spending Accounts (LSA) and Qualified Transportation Benefits (QTB).

COBRA Administration

COBRA regulations aren't exactly easy to navigate. That's why it pays to let LBS handle it. We take the complexity out of COBRA administration so clients can focus on their business.

Compliance Services

Staying in compliance doesn't have to be complicated. LBS is here to make it easier by preparing your summary plan descriptions, plan documents and amendments and by guiding you through regulatory requirements.

Premium Billing

Our system is designed to assist with the collection of necessary premiums along with a complete reporting module. We help you save time and keep administrative costs low.

Employee Education Benefits

Paying for education – whether it's paying back loans or advancing skills for the future – is top of mind for a lot of employees. That's why LBS helps employers support their teams with our Tuition Reimbursement and Student Loan Repayment solutions, built around your needs.
